

EUROCORR 2019 - SEVILLE, SPAIN

September 10, 2019 from 17.30

España 1+2 Room - Barcelò Convention Center

YOUNG EFC MEETING

**MAY THE
CORROSION
BE WITH
YOU**

September 10, 2019

from 19.00

Barcelò Convention Center

Y-EFC get-together party

YOUNG EFC

Creating a network of young corrosionists

The Young EFC is an initiative created in 2016 by the European Federation of Corrosion (EFC) which aims to support young researchers and engineers in the field of corrosion and protection of materials. Our vision has several cornerstones, namely:

- Bridging young corrosion researchers and senior experts
- Organising and participating in conferences, workshops and events
- Promoting the interests of young researchers to the European Federation of Corrosion and the European Commission
- Supporting the career in early stage

YOUNG EFC BOARD

Yaiza Gonzalez-Garcia / Delft University of Technology, The Netherlands

Marta Mohedano / Complutense University of Madrid, Spain

Michele Fedel / University of Trento, Italy

Cem Örnek / KTH Royal Institute of Technology, Sweden

Christofer Leygraf / KTH Royal Institute of Technology, Sweden

OPPORTUNITIES/EVENTS

for young corrosionists

GRADUATE COURSES

Every year, in conjunction with the local organizer of Eurocorr conference, courses intended for graduate students or researchers working in academic or industrial environments with an interest in materials science and engineering are organized

ORAL/POSTER PRIZES

In the Eurocorr conference, the YoungEFC Poster Award will be offered to the young author (up to 35 years old) with the best poster contribution. Working Parties supports specific Oral/Poster Prizes: this year WP4 supports the poster award and best oral presentation award for contribution related to Nuclear Corrosion

YOUNG SCIENTIST GRANT

The Eurocorr Young Scientist Grant aims at stimulating interaction and collaboration within the international corrosion community by providing financial support to junior corrosionists, thus enabling them to visit and interact with other scientists at their respective institutes abroad

Y-EFC MEETING

The YoungEFC meeting is a unique networking opportunity for young people to meet young corrosion scientists or engineers and senior corrosion experts in an informal and pleasant atmosphere. We will summarise the YoungEFC work in the latest period and will introduce and discuss future activities

YOUNG EFC MEETING

September 10, 2019 from 17.30

España 1+2 Room - Barcelò Convention Center

HIGHLIGHTS

Meet people from other universities, institutes etc.

Exchange ideas

2018 EFC Young Scientists Grant winners talks

Get informed about prizes and opportunities

Promote new activities

2019 TALKS

Dirk L. Engelberg, The University of Manchester (UK)

Ulf Kivisäkk, Sandvik Materials Technology (Sweden)

GET TOGETHER PARTY AT 19.00

Enjoy drinks and snacks Meet new people / Exploit a great networking opportunity / Break down barriers in communication / Learn about each other young corrosionists / Have fun!
